**UTAH CONSERVATION COMMUNITY**

LEGISLATIVE UPDATE

2026 General Session | Week 1 | 24 January, 2026

**2026 Legislative Update**

Each update provides key highlights for the prior week's General Legislative Session and what is expected for the week ahead. The focus of this update are the Utah state legislation and actions for protecting wildlife and the environment. Questions and comments can be directed to Dan Strauch: strauchmail@yahoo.com.

**About the Legislative Update**

The Legislative Update is made possible by the Utah Audubon Council and contributing organizations. Each Update provides legislative actions, descriptions and updates throughout the Session and important dates and progress of key committees. For the most up-to-date information and for the names and contact information for legislators, check the Legislative website at www.le.utah.gov. The Update focuses on legislative information pertaining to wildlife, sensitive and invasive species, public lands, state parks, SITLA land management, energy development, renewable energy and conservation and water issues. The Update is distributed after each Friday of the Session. Additional Action Alerts may also be distributed during the session. Please use this information to prepare you to contact your legislator with your opinions and concerns!

**Week 1 Update**

Format Update: To help focus energy and attention, the most critical bills now have a number PRIORITY and are sorted to the top of the list. The remaining bills follow by chamber and week of publication. My written updates will focus on bills that have numbered priorities and are therefore most critical to Audubon mission. As new bills are introduced the number priorities may change.

ACTION ALERT: HB 60 Water Rights Amendments is the top priority bill to OPPOSE. This bill makes it much more difficult for the public to oppose water rights change applications and changes the criteria the state engineer uses for approval, removing the concept that water in a stream is beneficial use. Please contact our Representative and Senator and let them know you are strongly opposed to these changes. This bill passed the House Natural Resources Committee so is motion toward passage. Next step will be a full House vote. Please contact your representative immediately. The sponsor and committee argue this protects and gets water to the GSL, it may but really gives that final decision making to the government officials without input of the public.

At this point, other bills have made little progress, which is not unexpected, so the coming few weeks will be very telling as to the whether we will see progress on bills that are SUPPORT.

**BILL TRACKING LIST**

Underline in POSITION inidicates continued investigation and position may change.

| Rank | Bill | Sponsor | Description | Topic | Status | Priority | Position |
|---|---|---|---|---|---|---|---|
| 1 | H.B. 60 -- Water Rights Amendments | Rep. David Shallenberger | This bill:<br>▸addresses actions related to an application to appropriate public water;<br>▸modifies the extent to which the state engineer may consider a protest;<br>▸addresses temporary applications;<br>▸modifies the grounds that the state engineer may consider in approving or rejecting anapplication, including what the state engineer may consider related to public welfare;<br>▸clarifies who is an aggrieved person for purposes of seeking judicial review; and<br>▸makes technical and conforming changes.<br><br>*Some mild concerns expressed by committee members. Strong public objeciton. Passed with two no votes. Supporters making strong argument that this is a bill that supports getting water to the GSL, which outside of government this bill is simply not read that way.*<br><br>*This bill makes signficant changes to the process by which the state engineer makes a determination on a water application. Essentially this bill:*<br>*- elimnates the requirement that the state engineer consider public recreation in the decision process.*<br>*- makes it much more difficult for the public to track and protest any water application changes.*<br><br>*Per the Utah Constitution the waters of the state are for the people, but this bill elimates the consideration of the people in a water application.* | Water | Pased House Committee<br><br>House 2nd Reading | 1 | Oppose |
| 2 | H.B. 76 -- Data Center Water Policy Amendments | Rep. Jill Koford | This bill:<br>▸defines terms;<br>▸directs land use authorities to issue certain notices;<br>▸requires certain large data centers to communicate with water providers;<br>▸requires reporting by operators of certain data centers before construction and annually;▸addresses disclosure of the reported information;▸provides for enforcement mechanisms;▸addresses rulemaking; and<br>▸makes technical and conforming amendments. | Water | 1st Sub<br><br>Pased House Committee<br><br>House 2nd Reading | 2 | Support |
| 3 | H.B. 154 -- Water Loss Study Amendments | Rep. Doug Owens | This bill:<br>▸defines terms;<br>▸requires the division to conduct a study regarding water loss;<br>▸requires the division to report the findings of the study;<br>▸imposes a repeal date; and<br>▸makes technical and conforming amendments. | Water | House 1st Reading | 3 | Support |
| 4 | S.B. 130 -- River Restoration Amendments | Sen. Lincoln Fillmore | This bill:<br>▸modifies how the Division of Forestry, Fire, and State Lands (division) expends moneyrelated to a Jordan River improvement project, including:<br>•allowing the division to expend money for an activity along the entire length of theJordan River; and<br>•requiring the division to consult with the Jordan River Commission before expendingmoney for an improvement project;<br>▸creates a matching grant program for counties and municipalities to fund improvement projects that increase access to a recreational activity on the Jordan River;<br>▸directs funding from the Outdoor Adventure Infrastructure Restricted Account to thematching grant program; and<br>▸makes technical and conforming changes. | Water | CIRCLED Senate Chamber | 4 | Support |
| 5 | H.B. 155 -- Water Rates Amendments | Rep. Doug Owens | This bill:<br>▸provides for increasing block units for residential water use in certain water rate structures;<br>▸addresses the purpose of increases in rates charged for additional blocks; and<br>▸makes technical and conforming amendments.<br><br>*Allows for increase water rates for outdoor watering.* | Water | House 1st Reading | 5 | Support |

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| 6 | S.B. 46 -- Water Wise Landscaping Amendments | Sen. Keven Stratton | This bill:<br>▸defines terms;<br>▸imposes landscaping requirements related to state government facilities; and<br>▸makes technical and conforming changes. | Water | HELD Senate Chambers | 6 | Support |
| 7 | H.B. 30 -- Wildlife Management Area Amendments | Rep. David Shallenberger | This bill:<br>▸creates the Wildlife Management Area Stewardship Fund;<br>▸repeals language related to access to wildlife management areas requiring a hunting,fishing, or combination license;<br>▸defines terms;<br>▸requires that an individual meet certain conditions to access a wildlife management area;▸directs the Division of Wildlife Resources (division) to approve an educational video andprovide digital verification of completion of the educational video;<br>▸provides for exceptions to the conditions to access a wildlife management area;<br>▸authorizes rulemaking and requires reporting regarding rulemaking;<br>▸provides for voluntary financial contributions for the benefit of wildlife management areas;<br>▸permits the division to oversee the provision of volunteer labor to benefit a wildlife management area, including addressing liability issues;<br>▸enacts nonrefundable tax credits for contributions to wildlife management areas inaccordance with statute and rules;<br>▸addresses apportionment of a nonrefundable tax credit; and<br>▸makes technical and conforming changes.<br><br>*1st sub eliminates the tax credit portion.*<br><br>*This bill adds requirement that all parties 18 and older must complete an on-line education course to receive a digital pass for access to a WMA. The requirement for "all parties" to obtain a pass has raised questions. Speaking to sponsors this requirement is meant to address users in groups that may not remain together, such as bikers or off road vehicles where allowed. Oftern those parties do not travel all together.*<br><br>*This bill modifies the WMA access requirements of HB309'25. That bill, HB309'25, also limited allowable participants on the Wildlife Board to individuals with hunting licenses, removing fishing only or non-consumptive members. I will take the opportunity to object to that change and request that be addressed as part of this bill as well.* | Lands | 1st Sub<br><br>Pased House Committee<br><br>House 2nd Reading | 7 | Support w/ amends |
| 8 | H.B. 187 -- Water Amendments | Rep. Colin Jack | This bill:<br>▸exempts from provisions related to abandonment or forfeiture for nonuse certain water rights of a water conservancy district that are related to the lower basin;<br>▸prohibits certain instream flow change applications related to the lower basin; and<br>▸makes technical and conforming amendments.<br><br>*Would bar water rights holders from participating in in-stream flow incentives as streams in lower basin flow to other states.* | Water | | 8 | Oppose |
| 9 | H.B. 348 -- Dedicated Water Amendments | Rep. Jill Koford | This bill:<br>▸addresses provisions applicable to dedicated water applications;<br>▸prohibits segregation of an underlying water right from dedicated water;<br>▸addresses process for approval of instream flow and related actions;<br>▸defines terms;<br>▸provides for the filing and approval of a dedicated water application;<br>▸addresses land in agricultural use;<br>▸authorizes the state engineer to require certain reporting;<br>▸addresses lapsing of a dedicated water application; and<br>▸makes technical and conforming amendments. | Water | House 1st Reading | H | Support |
| | | | **HOUSE BILLS** | | | | |
| | | | **PRE-SESSION** | | | | |
| | H.B. 16 -- Solar Power Plant Amendments | Re. Colin Jack | This bill:<br>▸establishes eligibility criteria for state incentives for solar power plants based on land characteristics;<br>▸provides for reduction of incentives for solar power plants located on certain protected farmland;<br>▸creates exemptions for solar power plants with existing agreements or incentives;<br>▸requires wildlife impact consultation with state or federal agencies for solar power plants;<br>▸establishes requirements for decommissioning plans and financial assurance for solar power plants;<br>▸creates a permitting process for solar power plants;<br>▸requires submission and approval of development plans for solar power plants; and<br>▸provides for severability.<br><br>*This bill modifies the state incentives paid for solar projects based on the type of land that the project will convert. Projects that will be on "prime farm land, farm land of statewide importance, farm land of local importance, or farm land of unique importance, as designated by the Natural Resource Conservation Service" will not be eligible for state level tax incentives. This bill does not prohibit such projects but only limits available incentives for new projects proposed after May 6, 2026.* | Solar | Passed House To Senate | L | Support |
| | H.B. 18 -- Public Land Access Amendments | Rep. Nelson Abbott | This bill:<br>▸repeals requirement that under certain circumstances an individual is required to hold authorization to hunt or fish to access wildlife management areas; and<br>▸makes technical and conforming amendments.<br><br>*This bill eliminates the requirement for a hunting or fishing license for parties 18+ years to access a WMA. However, a new requirement is added in HB30'26 also detailed in this tracker.* | Lands | House 1st Reading | H | Support |

| | | | | | | |
|---|---|---|---|---|---|---|
| H.B. 30 -- Wildlife Management Area Amendments | Rep. David Shallenberger | This bill:<br>▸creates the Wildlife Management Area Stewardship Fund;<br>▸repeals language related to access to wildlife management areas requiring a hunting,fishing, or combination license;<br>▸defines terms;<br>▸requires that an individual meet certain conditions to access a wildlife management area;▸directs the Division of Wildlife Resources (division) to approve an educational video andprovide digital verification of completion of the educational video;<br>▸provides for exceptions to the conditions to access a wildlife management area;<br>▸authorizes rulemaking and requires reporting regarding rulemaking;<br>▸provides for voluntary financial contributions for the benefit of wildlife management areas;<br>▸permits the division to oversee the provision of volunteer labor to benefit a wildlife management area, including addressing liability issues;<br>▸enacts nonrefundable tax credits for contributions to wildlife management areas inaccordance with statute and rules;<br>▸addresses apportionment of a nonrefundable tax credit; and<br>▸makes technical and conforming changes.<br><br>*1st sub eliminates the tax credit portion.*<br><br>*This bill adds requirement that all parties 18 and older must complete an on-line education course to receive a digital pass for access to a WMA.
